The Salvation Army
B. Funding Request Summary: (1) Program Name
Emergency Assistance
B. Funding Request Summary: (1) Program Summary
<p>The Salvation Army understands that individuals and families in Davie County who are facing a temporary crisis, or a disaster have basic needs that must be met to thrive in their community. Families without the necessary resources readily available to address the crisis, Davie County residents could be faced with dire circumstances like hunger, serious health issues or homelessness. The Salvation Army's Emergency Financial Assistance Program is designed to initially provide financial assistance to eliminate the crisis through offering traditional and non-traditional assistance. Traditional assistance would include making utility, rent, or mortgage payments directly to the resident's vendor or providing food, clothing, transportation and furniture. Our non-traditional assistance is critical for Davie residents living on a tight household budget where an unplanned car repair or medical expense would create a budget deficit leading to a potential crisis. Once the basic need is met, we can help the resident assess their situation and determine next steps. If this is a single occurrence, they are restored to financial stability and independence. If their financial situation is unstable, we determine the root cause and provide options to address it. Detailed review includes all sources of income vs. household expenses, secondary support systems and financial history. We will help prepare a budget, educate on saving for a crisis, suggest ways to reduce heating and cooling expenses and share educational and community resources. We may determine we will need to support their financial situation for several months until they return to self-sufficiency, which is our ultimate goal. We recognize that some clients have long term needs that require specialized support. The Salvation Army is fortunate that we engage in strong partnerships with other agencies in the community that can provide this long term, specialized case management and we make the appropriate referrals.</p>

United Way of Davie County - Application

The Salvation Army Assistance program provides aid to families and individuals at the point of need for their specific situation. This may take the form of assistance with rent, mortgage, and or utility bills via direct payments to vendors. Food, clothing, and furniture may also be provided. It also may be provided. It also may be in the form of non-traditional assistance i.e. assistance for car repair so the client will not miss work, emergency disaster assistance, emergency travel aid, and other needs as they are identified.

D. Program Plan & Measurement: (1) Program Costs

The only costs covered by funding from the United Way of Davie County are direct assistance to Davie County citizens in need. The Salvation Army makes investment in the community by absorbing all program related expenses that are not direct assistance, such as payroll, supplies, transportation, etc.

D. Program Plan & Measurement: (2) Program Methodology

Our main activity consists of the Davie County Case Manager Outreach Team conducting face-to-face and phone interviews with clients to understand the crisis situation and necessary tasks to address those needs. We verify the need for assistance through supporting documentation like receipts and /or medical proof along with proof that they are sustaining the household. The assistance provided must alleviate 100% of the need, either by itself or in a partnership with pledges from other agencies and/or partial payments by the client, and we ensure that payments supports 30 days of residency or utility service.
